Hello. How are you feeling today?

> I am okay.

How do you feel about being okay?

> I am not against that

How long have you been not against that?

> for a while

How do you feel when you say that?

> Nothing special

Why do you say that nothing special?

> I am not sure

How do you feel about being not sure?

> Not sure

I see. And what does that tell you?

> Nothing really

How do you feel when you say that?

> Okay

Can you elaborate on that?

> Maybe next time

I see. And what does that tell you?

> Everything I need to know

Why do you say that everything you need to know?

> Why not?

Why don't you tell me the reason why not?

> I don't know!

Do you want to know?

> quit

Thank you for talking with me.
